

TTR Soil Research Initiative

INVITATION TO COMMUNITY MEMBERS

INTERESTED IN

Learning Results of Soil Research at TTR

Monday, July 14th at 12:30 pm.
We will have Lunch & Door Prizes
TTR Community Hall

We are excited to invite community members to a special information session where we will share the findings from the recent Soil Research Characterization Study conducted in our area.

This study offers valuable insights into the condition and characteristics of our local soils, enabling us to understand better their potential for agriculture, environmental stewardship, and future community projects.

Join us to learn about:

-  The key results of the study
-  How these findings support land use planning and sustainable development
-  Opportunities for community input and next steps

Your participation is valuable as we work together to build a stronger connection to our land and its resources.
